There are many different types of multiplayer games that you can play on Minecraft. Some types of servers are: Survival Servers: In Survival Servers, you have to survive on the land for as long as possible without the knowledge of other players in the world. There are things called "npc" which stands for Non Playable Characters. These characters give out challenges and objectives that will give you rewards and help progress you through the game, but there is one huge catch... You are visible to other players if you make a noise or break certain blocks. If you are the first person at the location upon joining then it will be yours. If another player sees that first person breaking fences and trees and decides they want to claim ownership, they can kill them and then take ownership of that location. In a Survival Server, you will be given an item called "Permission Node" which allows you to see where other players are on the server. These items are very rare and can only be obtained by doing some specific tasks in game such as going through long distances or through many different

biomes, etc. Creative Servers: In Creative Servers, players can build anything they want with real-world objects inside the game. There aren't any rules, so you can build anything that your imagination can think of. You can build houses, villages, and even dungeons for people to explore; and if you ever get bored of your creation you can destroy it and start over! Mini Game Servers: These servers are focused on playing mini games in order to win rewards. In a mini game server, there will usually be an objective that the players have to reach in order to win a prize. There are many different types of mini games: Sky Block Servers: Players have to survive on floating islands.",

The great thing about Minecraft is that it gives you unlimited freedom to do whatever you want. Sometimes the game can be a bit boring or repetitive, so there are a lot of people who choose to download mods in order to change how the game plays. Minecraft is a fantastic game, but it can get boring rather quick if you don't add some mods to spice things up. If you have noticed your Minecraft friend getting bored with the game and not playing as much, then the best thing to do would be to introduce them to mods. Mods are basically programs that make changes to your Minecraft game, and they have an unlimited number of uses. Some of the most popular mods out there adds extra blocks or tools, while others adds features like guns or zombies. Whatever kind of mod you are looking for there is bound to be one out there that suits your needs, and all you have to do is download it for free from the internet.",
