This is a good game by miamaraci21 on 2021/03/29 04:20 I love this game. It's a great way to pass time and relax while you're at it. A very good app. I also love the fact that it has no ads, it's really really helpful if you have a lot of other apps open that have ads. It's great for all ages, even my young brother loves this game and actually tells me he wants to play every time I turn on my phone.",

The graphics in Coin master are relatively basic, but they are bright and colorful. The game is based on the concept of a treasure chest, which is where you keep your coins. The coin master himself is a bearded pirate who is dressed in traditional pirate attire, and his second in command (who helps you collect gems) is an orange fish wearing a top hat and a monocle. Another big feature of the game is that you have your very own pet fish which follows you around while helping to collect coins for you - these pets can be unlocked by reaching certain levels or using gems to take care of them. Their names are Chippy, Daffy, and Popeye - the latter two can be different depending on which pet you have unlocked.",

These cards could be purchased in sets of a single character or eight characters. Each set includes six exclusive cards and two bonus cards that are usable in both games (PC and mobile). It is currently possible to collect all twelve free bonus cards if all four character packs are purchased individually after "Coins & Curses 2" is released on PC platforms.",

Puzzle, puzzle, and more puzzles by MrMister22 on 2021/09/21 12:07 This app is one of the best I've played. I really enjoy playing this app. It's a game you can play anywhere so if your bored or at home on a rainy day this is a good app to get you entertained or even if you're commuting on a bus or train. You should download the game because it's fun and really addicting at times. I've played this game for about two years and I have to say it's really grown on me.",

Boring by tommissausage on 2021/10/31 12:19 With over six hundred levels of play, this game should get a lot more attention. Don't get me wrong, the graphics are good and the gameplay is engaging, but it's just so bland and uninspiring. It's like a run of the mill jigsaw puzzle with puzzles you've seen before. It also never lets up with adds and very little feedback when you successfully complete a game level. There should have been some form of ending criteria as well as feedback on your performance in game mode. Simply put: it's just boring.",

Too many ads by Rachael Bajo on 2021/04/12 16:31 This game is very fun and I will have to admit that the game play is very well executed, but the amount of ads is way too much and you guys are not helping the problem at all. The ads do not get removed from your screen and you have to close them out just to use your items or do something. They also sometimes pop up when I don't want them to like before I open a shop. It is very annoying because you can't even go back without closing it out which ruins my plan every time. Another thing is that you have to wait for so long. You have to wait hours to even complete something. I know this is supposed to be some kind of strategy game but all it really does is frustrate the players because they can't even move forward because they had a bad streak of luck.",

The table was released for PC and iOS on December 18th, 2021. The full version available for purchase is the enhanced mode featuring 20 additional levels as well as the arcade mode which contains 60 additional levels. The Android version is planned to be released in January 2021.",

Good game, needs some fixes. by Munya on 2021/04/06 16:12 It's a very fun game. I have been playing for years, and there are things that you shouldn't have to pay extra money for in the game, such as extra turns if they aren't already included. There are places that you can't craft an item that you don't have the coins to. If they made more places to go to as well as more items to craft, it would be a better game overall. The chat feature is also annoying sometimes. As soon as I open the app, it tells me there are people on the other end of the chat, and since I

don't have any friends, I close out of it immediately. It really bugs me how players have different abilities than other players for some reason. I forgot the name of the third thing I wanted to say, but that's all for now. Thank you for reading!",

In May 2021 Moon Active announced that they had signed an agreement with Disney to expand upon Coin Master through multiple video game projects including a new mobile title, which was announced to be released as "Coin Master 2: Disney's Wreck It Ralph". The agreement gives Moon Active access to Marvel and Disney movies, characters, and intellectual property. The developer of Coin Master cited the success they had developing "Coin Master 3: Wreck It Ralph" in getting this new partnership with Disney.",

"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways. I would love to give this game five stars because the graphics are good, and it is entertaining."",

The first 2021 people who pre-ordered the original "Coins & Curses" from United Pixelworkers received special recognition in-game within "Coins & Curses 2". Coins & Curses 2 is currently available on mobile applications and can be played directly in any compatible browser or downloaded through an app for PC/Mac devices and tablets. The game is slated for release on Steam as well as the upcoming Nintendo Switch console sometime in 2021.",

The developers of Coin Master have said that the game is not free to play but does include advertisements. A user review on iTunes states that "The main problem I have with Coin Master is the lack of gameplay variety and difficulty spikes" and remarks that "once you've played through a level, chances are it won't take you long to beat the next one". The developer of Coin Master has countered this criticism by stating that they are "working to add difficulty spikes and more levels in order to make them more challenging and replayable".",
